TUESDAY EVE., JULY 29, 1884.

Address of Executive Committee.

At a meeting of the Executive Committee of the Mason County Democracy on July 28, 1884, it was made plain to the committee that the Republicans of the First Appellate District were using every means in their power to compass the defeat of the Hon. Robert Riddell, Democratic candidate for Appellate Judge. The committee resolved at once that each of them would devote his entire time, until the evening of the elec-Judge. The committee resolved at once that each of them would devote his entire time, until the evening of the election, in an earnest effort to arouse the Democracy of Mason County to a sense of their duty and to the urgent necessity of polling every vote on Monday next for Robert Riddell. The committee urge upon all Democrats that they go to work and bring out the entire vote. Our representation in the Congressional Convenient, and in conventions for a number of years, will depend upon the vote we cast for Appellate Judge. Six years ago Mason County was the banner county of Eastern Kentucky and had sixteen delegates, four years ago the stayathome Democrats reduced their strength to thirteen delegates, and two years ago, when Gov. Knott ran, so indifferent were her voters that her representative strength fell to the delegates, and this year, instead of being the leading and most influential country in the State, she has had but little weight and taken a second rate place, and if the Democrats do not do their duty without having to be coached and urged and wated upon, they will have no repre-

taken a second rate place, and if the Democrats do not do their duty without having to be coached and urged and wated upon, they will have no representation, and will be the means of ading in the defeat of a candidate for one of the highest offices in the State. The Committee feel that it is but necessary to place the true situation before the Democracy in order to secure a full vote. Judge Riddell cannot be elected if the strong Democratic Counties of Mason, Bracken, Nicholas, Fourthon and Clark, fall to give him handsome Imajorities. The election of Hott would be horpledd far and wide as a Blaine victory, and our Congressional District would be hopelessly Republican. To avert these evils every Democrat who has any patriotism, or pride in his district or State, shou'd devote his entire time from now until the day of the election in an earnest and zealous effort to bring out every voter. Let Mason County Democrats redeem themselves and give to their county her former commanding position in the district. Let those Democrats who worked former commanding position in the dis-trict. Let those Democrats who worked

former commanding position in the district. Let those Democrats who worked so hard to secure the nomination of Judge Riddell now put their shoulders to the wheel and see that he is triumphantly elected. Let there be no laggards. Let every man feel that the success of his party depends on his individual vote. Remember that on Monday next you elect a Judge of the Appellate Court, see that Riddell is the man.

Remember to vote for J. Quincy Ward, for Judge of the Superior Court. Do not forget that your faithful and efficient Deputy Sheriff, Dan Perrine, is to be elected High Sheriff, and he sure to vote for L. W. Galbraith, Esq., if you desire to have your Common Schools ably and properly managed. Remember the day, Monday, August 4th, 1844.
